PRE-PROFESSIONAL
COURSES 2021

Haere mai ki Te Puna Wai O Waipapa! Welcome to Hagley's pre-professional courses.

Our pre-professional courses are designed for students who are finishing high school and planning to continue their education in various graduate or professional fields or programmes. Hagley offers pre-professional courses in the fields of health, music, theatre, cuisine, dance, fashion, pre-health and early childhood and jewellery design.

Pre-professional courses are a next step beyond school to prepare students for entry into a variety of professional tertiary programmes or the professional workforce.

We live by our vision statement: lifelong learning that's accessible to all. That's what Hagley's pre-professional courses can be for you – a place that opens up opportunities that are right for you in your next step beyond high school.

We want you to feel excited about coming here. We look forward to you being part of our pre-professional programmes in 2021.

MORE THAN JUST YOUR REGULAR HIGH SCHOOL

There are many layers to Hagley that make us such a unique and successful school.

At Hagley, our pre-professional programmes range from being full-time courses to part-time options of eight hours study. This allows you to also take advantage of other study options within our college timetable, such as a course in academic writing, or you might want to fill some gaps in your NCEA qualifications.

We invite you to have a look through the following pages about our pre-professional courses, and be in touch with us if you have any queries or questions.

-----------------------	--

Hagley partners with the University of Canterbury (UC@Hagley) to co-deliver this programme. CUP is a full time, intensive 13-week course delivered at UC.

The Certificate in University Preparation (CUP) is designed to prepare Aotearoa New Zealand citizens or permanent residents for university study. The CUP programme provides an inclusive and supportive learning environment with small classes and individual attention to help you develop your confidence to succeed at university.

The CUP programme will help you to develop the skills necessary for successful university study, including:

- subject knowledge for pathways to degree programmes
- study and time-management skills
- oral and written communication skills for a variety of contexts
- analytical, critical and problem solving skills
- information literacy skills
- interpersonal, group and teamwork skills

Course Components

To gain the Certificate in University Preparation you must:

- complete required oral, practical and written work
- gain 60 credits (by passing the equivalent of four CUP courses), one of which must be the compulsory course TRNS001 Academic writing and study skills
- complete CUP within 12 months of commencing CUP

**For full-time students, CUP is a one semester programme of study. Part-time and distance/flexible options exist.*

THERE ARE TWO UC@HAGLEY INTAKES IN 2021:

- Mid-February to mid-June (preparing for university entry in Semester 2, 2021).
- Mid-June to mid-October (preparing for university entry in Semester 1, 2022).
- There is also a Semester 3 option run entirely by UC from November to January.

Academic Writing and Study Skills (AWS)

As UC@Hagley, we teach Academic writing and study skills, which is the compulsory paper (TRNS001) of the University of Canterbury's Certificate in University Preparation (CUP).

If you are wanting to develop skills and confidence in reading and writing for tertiary study but do not want to undertake the full-time CUP course, the AWS paper may be the right option for you. The course offers an introduction to tertiary study including familiarisation with UC learning systems.

The course covers:

- reading strategies
- essay planning and writing
- academic evaluation
- citations and referencing
- study and exam strategies
- wellbeing strategies

A pass result in Academic writing and study skills (TRNS001) can be credit transferred to the University of Canterbury.

Courses are taught by semester on the UC campus, on Tuesdays and Fridays. We offer two intakes: mid-February to mid-June (preparing for university entry in Semester 2, 2021) and mid-Jun to late-October (preparing for university entry in Semester 1, 2022).

After 3

TUE 7-9PM

Numeracy for Uni

Numeracy for Engineering and Physical Sciences (EPS)

This half-year course prepares you for the Certificate in University Preparation (CUP) mathematics course *TRNS007 Mathematics*, which leads into an Engineering or Science degree.

There is also the option for current CUP students to attend for extra support in the CUP maths courses.

TUE 6-9PM

Numeracy for Other Degrees (11MAG)

Students wanting to meet basic numeracy requirements for university entry (e.g. for Social Work or Education) or for entry into CUP can enrol in 11MAG on Tuesday evenings. 11MAG is a full year course.

The 11MAG course leads into the university CUP course *TRNS009 An introduction to statistics and probability*, which prepares students for Commerce and other Sciences.

3

After 3

WED 6-9PM

Fast Path to Engineering

Term 3 & 4

This programme is part of a collaboration with the University of Canterbury to offer a pathway to Engineering or Product Design.

In Term 3 & 4 of 2021 you complete a Level 2 NCEA Physics and Maths integrated course in our After 3 programme. Upon successful completion, this will lead you to the next stage, a Certificate of University Preparation (CUP) at UC. Successful completion of the CUP course in the relevant subjects (Maths, Physics and / Chemistry) would then mean you could enrol in a first year Engineering course or Product Design course.

Dance Company Students, 2018

I arrived in New Zealand in 2017 and spent a year at another high school before joining Hagley last year. We learned how to read and write in English in Sāmoa, but living and studying in an English-speaking environment is completely different! At Hagley, I've been able to take English Language Learning classes alongside my passion subjects. My teachers are all helpful, and the Careers Department are great at supporting the students' plans for the future.

I'd wanted to study Nursing, so I looked into the Hagley Pre-Health Studies course for this year. The more I thought about it though, I really don't like blood and I don't think that would have worked out! I switched focus and signed up for the Early Childhood Education course instead. I'm so glad I did. We spend regular time in the Hagley Preschool, and I've had the chance to see what the career actually involves. I feel happy and connected in the class- we spend five days a week together- and we're more friends than classmates now.

My older sister is studying towards her master's degree in Wellington and she's always encouraging my studies. Having had the chance to try out different courses and explore my interests at Hagley, I've been able to find my passion. I feel confident moving forward and am planning to continue my ECE studies at university.

- Learn and apply safe practice within a healthcare setting
- Gain a first-aid certificate

Education is important in my family and we spent time researching schools before deciding on Hagley. Having been home-schooled up until Year 9, I knew that bells and a uniform would be a backwards step; I wanted to take more personal responsibility when it came to school. There's a focus on learners as individuals at Hagley and I've always felt supported in making decisions and exploring a range of interests.

It was a subject clash in Year 12 that really helped to set me on the path I'm on today. I was able to take Level 3 Drama and Dance that year which meant I was working towards NCEA Level 2 and 3 at the same time. Following that, in Yr13, I was accepted into the Hagley Theatre Company's full-time performance and theatre course. Now, I'm 100% committed to pursuing a career in the performing arts. The chance to work with industry professionals every day in this course makes me feel confident and excited about the future. Next year, I hope to study towards a Performing Arts degree at Toi Whakaari or UniTec.

In my time at Hagley I've seen the positive way that teachers and students can work together as equals. Whenever I've had an idea about my learning pathway, I was able to talk it over with someone and I felt genuinely listened to. I'm always telling people about this place and how many unexpected journeys can unfold here.
