

PRE-HEALTH STUDIES

Are you interested in a career in nursing or other health-related vocations?

If you have a genuine interest in helping others, but lack the formal qualifications, this course will provide that opportunity. This one year course provides a learning pathway to further training in the health sector. You will acquire the prescribed knowledge and skills in Human biology, Cell biology, Chemistry and Maths, while gaining experience in the workplace too.

Placement and Practical Work

- Receive individualised workplace support as you work in a health-care setting
- Study ageing and personal care of residents in a care setting
- Learn how to relate to residents in a healthcare setting
- Learn and apply safe practice within a healthcare setting
- Gain a first-aid certificate
